Dear Jalon:

I wanted to take a moment and thank you for your amazing performance at the Twenty-Third Annual Conference for Seniors, "New Visions on Aging" held on Friday, April 9, 2010. It is an honor for Elaine and I to host this annual event and we were pleased that it turned out to be such a terrific success!

Your performance of our National Anthem at the start of the Conference was very well done, and I think you made everyone in that room feel a sense of pride as you sang it. I was personally touched by your performance of "Come Home," as were many others attending the conference; and your performance of "Proud to be an American" was just great. Everyone was impressed by your incredible talent and your powerful singing was definitely a highlight of the conference. Elaine and I appreciate your willingness to come and perform at our Conference for Seniors, and for your help in making this year's conference the success that it was!

The talent you have developed at your young age is very impressive; and I wish you more success as you continue to share your wonderful music with others.

Warm regards,

Orrin G. Hatch
United States Senator
